

Dear Members,

Your Board has been working hard to develop a good plan for the Club and **We have some very good news!**

New Start Times and Shotgun Tournament

Starting Thursday June 24 our first tee time will be 8:00am. We were also given 7:30am first tee time during the two hottest months of the summer, August and September.

Our first shotgun will be our annual Anniversary Tournament on Thursday, August 5, 2021 with a planned lunch. This tournament will be a team game. More information to come soon.

It's been a long year and it's feeling a little bit like normal.

Your LWGC Board

The LWGC has been working hard to support the club. It takes dedication and time. We need our Board's support to ensure everything runs smoothly. A decision was made to allow the Board members to have priority in signing up for a weekly tee time. The Board will be allowed to sign up on the first, third and fifth tee time. This will be done before Thursday morning, so there will be no distribution during sign ups.

There are open positions on the Board so please come talk to me if your interested in supporting the club. We will also be looking at 2022 nominations for the Board in just a few months. Lots of opportunity to help.

House Cleaning

After each weeks game, you must post your score on the SCGA score posting website. This must be done on the same day you play. Your score are compiled daily at midnight. If you have any questions, please see Sharon Carpenter. She will be glad to help.

Score cards - please spend time after each game to ensure your score cards are accurate. Review your individual and group master to make sure each hole has the same number of strokes. Finish your gross and net score. Sign your score card and make sure one person from your group signs your individual score card. Everyone in the group needs to sign the master card. Make sure you date each card. If you play from the Orange tees make sure you document Orange tees on your score cards.

I am so excited to have the LWGC back. I enjoy playing golf and seeing everyone.

Cheryl Meyer

LWGC President.
